

SIDEWALK REPLACEMENT PROJECT

(Steele Street, Bulova Street and Inglewood Avenue)

ADVANCE NOTICE OF CONSTRUCTION

Dear Resident:

CITY OF TORRANCE

This Notice is to inform you that starting on **Monday, August 17, 2015**, the City's Contractor, Martinez Concrete, Inc., will begin repair work to sidewalk, curb and gutter on Steele Street, Bulova Street, and Inglewood Avenue. The work will occur on weekdays, between the hours of 7:00 a.m. and 3:30 p.m, and be on-going for two (2) months.

In order to accomplish the work, portions of sidewalk will be temporarily closed during construction to remove selected parkway trees and repair damaged sidewalks, curbs and gutters. One side of the street will remain open at all times for pedestrian access and on-street parking.

A significant number of parkway trees will be removed and replaced by this project. This is required to reconstruct curbs, gutters, and sidewalk at the correct slope. Prior to removal, trees will be marked and adjacent residents will be notified.

Our goal is to minimize construction impacts to you, and complete the work as soon as possible. If you have any questions or need assistance during the project, please contact City project management staff listed below.

We sincerely appreciate your cooperation and patience during this time, as we work to make improvements in your neighborhood.

BE AWARE!

No construction workers or City employees will need to enter your home to complete this project. If any individual indicates that they need to enter your home as part of this project, **DO NOT ALLOW THEM ACCESS** and dial 9-1-1 immediately. The City is providing this warning due to past reports of individuals attempting to gain access to private properties by fraudulently representing themselves as City employees or City contractors. Please note that City employees will always identify themselves by presenting their City-issued identification badge and business card. This warning is presented as part of the City's "See Something, Say Something" efforts to keep Torrance neighborhoods safe.
